DETAILED ACTION

This Office Action is in response to the amendment filed 1/31/2008. No new claims have been added. Claims 1-4, 7, 15 and 38 are cancelled.

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office Action.

Applicant's arguments filed 09/21/2007 have been fully considered. Rejections and/or objections not reiterated from previous Office Actions are hereby withdrawn. The following rejections and/or objections are either reiterated or newly applied. They constitute the complete set of rejections and/or objections presently being applied to the instant application.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claim 11 was rejected under 35 U.S.C. 112, first paragraph, because the specification, while being enabling for the treatment of colon, prostate, colorectal, ovarian, pancreatic and breast cancer with 2-(2-aminoprop-2-ylphenyl)-3-phenylquinzoline, did not reasonably provide enablement for treatment of those same cancers with any selective inhibitor of Akt1 and Akt2 which is dependent on PH domain of the instant application.

This rejection is maintained.

While the applicant has amended the claim to recited specific cancer types, he has not amended the claim to be limited to the particular inhibitor for which he has reasonably demonstrated enablement, namely 2-(2-aminoprop-2-ylphenyl)-3-phenylquinzoline. Accordingly, the rejection is maintained.

No claims are allowed.

Conclusion

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
